

PASS AB 279!!

The Lanterman Act

A promise MADE

A promise we MUST keep!

Join the rally to Save Our Services

State Capitol Steps

August 30th 10:00-11:00am

Please join Assemblyman Chris Holden as we fight to preserve and protect vital services for people with developmental disabilities.

Organizations that provide services under the Lanterman Act in California's largest cities are in danger of closing because the State will not reimburse them for paying their workers the legally required minimum wage.

Assemblyman Holden introduced AB 279 to allow providers the funding they need to obey local wage laws.

The bill passed the Assembly unanimously!
But now the Senate Appropriations Committee must pass it by September 1st or it will die.

Let's tell the Senate and our Governor we need our services!

They need to pass AB 279!!

Yes to the Lanterman Act!

Yes on AB 279!!

Come and raise your voice!
