ACME, Inc. – Community College Program Addendum #1 – Tailored Day Service

This component of our Adult Development Center Program provides limited one on one hourly support to individuals who are attending/wanting to attend college, who need help with, but not limited to:

- Advocacy support – to ensure that they receive the generic college supports and services they are entitled to, including support for alternative test taking, working with tutors, advocating with professors, signing up for and accessing courses, accessing financial aid, etc.
- Organizational/Planning support – to ensure that the individual can plan their academic load, track and plan for when assignments are due, time management related to course and school workload.
- Academic and Career planning – to ensure that the individual is working towards an academic and career goal, may include support for school time employment, internship support, or other activities that promote long-term independence.
- Social/Behavioral supports – to help ensure that the individual is able to maintain their academic standard, by being socially appropriate on campus, provide support if the individual wants to engage in social activities with peers and others, help the student with role playing/modeling of appropriate behavior in social settings, etc.
- Community Access – mobility in and around campus and to and from work, home and events, etc.
- Other areas as agreed upon by the individual and their planning team.

Entrance Criteria

- Enrolled or enrolling in a college program.
- Is able to meet their own health and safety needs during the week, with natural supports
- Needs specific support in order to be successful at college and in using college to develop greater long term independence.
- Can meet the academic requirements of the enrolled institution, with limited supports.
- Is able to meet their personal care needs outside of the supports provided by this service.

Exit Criteria

- Is no longer enrolled in a college program.
- Is unable to meet their own health and safety needs and needs greater support than provided by this service.
- Needs support to meet their personal care needs.
- Moves from the area and/or chooses to use other supports to meet their needs

Program Support Model –
This service assumes that the individual will on average require 6 hours a week of support, but that support could vary over the month to meet the individual needs, academic schedule, and social/work situations.

Rate: $42.69/hour for a maximum of 26 hours a month (23 day month)
